**CHAIRMAN DONNELLY:**

Good morning, everybody, and welcome to this July 16th meeting of the Suffolk County Legislature's Public Safety Committee. I'd ask you to all please rise and join us in a salute to the flag led by Vice-Chair Legislator Bridget Fleming.

***Salutation***

Please remain standing for a moment of silence as we say in silent prayer for the unity of our nation in these unsettling times. We pray and hope that our nation unites. We also pray for the safety of all our first responders. Many have been injured protecting democracy and protecting our communities during these times of unrest. And as always, we say a silent prayer for the men and women of our Armed Forces serving both here and abroad.

***Moment of Silence Observed***

Thank you, be seated. Once again, good morning everybody, and welcome to this July 16th meeting of the Suffolk County Legislature's Public Safety Committee. Before we get started I do have a couple of housekeeping items. Madam Clerk, if you could give Legislator Sunderman an excused absence for today's meeting.

As a reminder, we have no in person comments pursuant to the Governor's suspension of Public Meetings Law and we do not have a formal presentation this morning, but we are going to ask Lieutenant Calandrillo from the Suffolk County Police Department's Chief of Department's office to come forward to discuss some recent operational issues within the 911 Communications Bureau. Lieutenant Calandrillo?

**LIEUTENANT CALANDRILLO:**

Good morning.

**CHAIRMAN DONNELLY:**

Good morning, sir. Thank you for coming. The Legislature was notified via both the Presiding Officer's office as well as individual Legislators about some staffing issues relative to the 911 Center. I do believe several Legislators will have some questions, but I just was wondering perhaps you could give us a broad overview of the current situation there.

**LIEUTENANT CALANDRILLO:**

Okay. We have five titles of employee in the Communications Section. We have Public Safety Dispatchers Levels I, II and III; we have Emergency Complaint Operators; and we have Emergency Complaint Operators that speak Spanish. Currently the only category of employee that is over the 10% vacancy threshold would be Public Safety Dispatcher I. We have nine vacancies in that title at this moment.

As you know, we are trying to switch over to a one title Communication Center whereas Emergency Complaint Operators are

1 leaving the unit we are replacing them with Public Safety  
2 Dispatchers. The reason for it is flexibility. Public Safety  
3 Dispatchers can perform both jobs; Emergency Complaint Operators  
4 cannot.

5  
6 **CHAIRMAN DONNELLY:**

7 Any questions for Lieutenant Calandrillo?  
8

9 **P.O. CALARCO:**

10 Lieutenant, thank you for coming. I'm over here. I appreciate the  
11 information. In fact, I sent a letter to the Commissioner and she  
12 did respond to that yesterday and I appreciate that. So if you're  
13 understanding that the challenges we're facing there now in terms  
14 of staffing levels and the reason why some employees, and these  
15 folks have to work just like the uniformed officers on the street,  
16 these folks have to come into work every day to make sure that  
17 we're able to respond to emergencies, because of some folks that  
18 have left and decided not to stay on the job that were in training  
19 is some of the challenge in terms of the number of people that we  
20 have in these positions and some of the shortfalls?  
21

22 **LIEUTENANT CALANDRILLO:**

23 Yes. We recently had five trainees that resigned and that's what  
24 pushed us over this 10% vacancy threshold for Public Safety  
25 Dispatchers. I believe we hit the 10% sometime between May 31st  
26 and June 14th. We are currently at 13% vacancy rate in that  
27 category.  
28

29 **P.O. CALARCO:**

30 Do you know if the SCINS have been signed to authorize the  
31 department to go out and start hiring to replace those people who  
32 decided to leave early?  
33

34 **LIEUTENANT CALANDRILLO:**

35 Yes, we have six SCINS approved right now. We have two pending  
36 which we anticipate getting approved. Part of the problem was  
37 timing with this. We submitted SCINS, but at the time it was -- we  
38 had -- at the time -- the timing of the SCINS and obtaining the  
39 certified list, by the time we got both of those completed the  
40 COVID-19 public health emergency had already started.  
41

42 So the process normally takes three to four months to hire a  
43 dispatcher. We've been unable to get the medical screenings done  
44 because of COVID-19 and that's really the delay in the process  
45 right now. On top of that, psychological screenings they have  
46 resumed at this point, but they're only operating at 50%, so that  
47 has slowed things down also.  
48

49 **P.O. CALARCO:**

50 Okay. And so is it your understanding for the employees that are  
51 there now then, are they being called in on any mandatory days?  
52 Are they working X days?  
53

54 **LIEUTENANT CALANDRILLO:**

55 I can't really get into the X days situation. That's more of a  
56 Labor Relations issue.

1 **P.O. CALARCO:**

2 Well, I mean, I'm familiar with what the X day Labor Relation issue  
3 is, but are employees being asked to work additional overtime  
4 shifts and having mandatory overtime being imposed on them right  
5 now?  
6

7 **LIEUTENANT CALANDRILLO:**

8 I'd have to check if there's mandatory overtime. I don't know that  
9 it's mandatory, but I'll look into that.  
10

11 **P.O. CALARCO:**

12 Okay. I'd appreciate that. I know that was a real problem in the  
13 past in that unit, is that employees were facing not just working  
14 overtime, getting mandatory overtime shifts because of the shortage  
15 of employees. And certainly, as I said, those phones have to be  
16 manned, somebody's got to be there to answer that phone when the  
17 emergency is happening, and we appreciate the difficult work that  
18 it is for those folks. It can get very trying on somebody after a  
19 period of time because of the emergencies they're dealing with and  
20 I'm sure during the COVID crisis that the call volume has probably  
21 increased.  
22

23 We just want to make sure that we're trying to take steps. It  
24 sounds like the department is and just as everything else it's  
25 extenuating circumstance causing problems. We appreciate any  
26 effort the department can make to make sure that we get as many  
27 people in there as possible and stay fully staffed so those folks  
28 don't get burned out and we end up losing even more employees. I'm  
29 good.  
30

31 **CHAIRMAN DONNELLY:**

32 Legislator Hahn.  
33

34 **D.P.O. HAHN:**

35 Thank you. And yes, I mean, I think ordinarily something like a  
36 COVID pandemic, you know, people would understand oh, you have to  
37 work a couple of mandatory shifts, but when you've been working in  
38 a unit for dozens of years and mandatory overtime is just the  
39 course of business, it really -- and especially, as the Presiding  
40 Officer mentioned, the intensity of this position and the critical  
41 nature of, you know, being ready for emergencies, lifesaving  
42 situations and the pressure, you know, mandatory shift after  
43 mandatory shift, after mandatory shift. I mean, we've heard, as  
44 you probably can recall, you know, complaints from workers where  
45 they can't use the bathroom and we don't want to get back to that.  
46 We want to be in a place where, you know, it's just reasonable  
47 expectations in emergency situations for overtime, not course of  
48 business and how you operate.  
49

50 So I just wanted to -- the medical tests that are the hold up, can  
51 you explain that in a little more detail, the medical screenings  
52 that have to get done and why they possibly couldn't have gotten  
53 done during this time?  
54

55 **LIEUTENANT CALANDRILLO:**

56 I don't have specific information as to why they haven't resumed

1 operating yet. That's something we are looking into because we do  
2 want to get these positions filled.

3  
4 **D.P.O. HAHN:**

5 Because, you know, if we were talking about two weeks in March or  
6 April, end of March or April, you know, I might understand, but  
7 here we are in July. We're in Phase IV. I'm not going to take  
8 that as a response at this point in time. We're back to doing --  
9 you know, surgeries that are not necessary that are -- I think we  
10 can get a medical exam for an urgent hire. And I just -- I don't  
11 think we should be using Coronavirus as an excuse to further delay  
12 this. We've heard delays in the past, you know, these positions  
13 need to be filled. Thank you.

14  
15 **CHAIRMAN DONNELLY:**

16 Thank you, Legislator Hahn. Legislator Fleming.

17  
18 **LEG. FLEMING:**

19 Thank you, Lieutenant, for bringing it to our attention. Obviously  
20 a critical concern. Did you by any chance have an opportunity or  
21 did the department have an opportunity to find out where these  
22 folks who are trained and left, left to and was it a salary issue?

23  
24 **LIEUTENANT CALANDRILLO:**

25 I don't have that specific information.

26  
27 **LEG. FLEMING:**

28 I mean, I think we have a history here that we have to be very  
29 mindful of and it puts us in a very bad position. It's not an  
30 attractive job. It doesn't pay well and it's really hard. So  
31 someone who goes through the training and then does something else  
32 -- it would be interesting just for our purposes. We're in very  
33 difficult position now in terms of salary, but it would be  
34 interesting for our purposes to know what informed those decisions  
35 of people we had trained to leave or not join us.

36  
37 **LIEUTENANT CALANDRILLO:**

38 This group was on the high side as far as five leaving. That was  
39 high. Since 2013 the failure rate is roughly 32%.

40  
41 **LEG. FLEMING:**

42 Can you do an exit interview? Did you do an exit interview? It  
43 would be helpful for us to know if there's a trend, if there's a  
44 pattern, if there's a common concern.

45  
46 **LIEUTENANT CALANDRILLO:**

47 In some of these cases I do have -- it was said the trainee may not  
48 have been meeting expectations, okay, so it's not always the --

49  
50 **LEG. FLEMING:**

51 Right.

52  
53 **LIEUTENANT CALANDRILLO:**

54 -- trainee looking to move on.

1 **LEG. FLEMING:**

2 And do you expect there are any adjustments being made to the  
3 training to address that?

4  
5 **LIEUTENANT CALANDRILLO:**

6 I think it's a, you know, historically, again, it has a 32% failure  
7 rate. We do everything possible to get these employees up to speed  
8 in the time frame that they're allotted because we don't want to  
9 invest the time and then lose an employee. So we're always looking  
10 at ways to improve that training and try to retain more of these  
11 individuals, but it is a tough job and it's not for everybody. And  
12 sometimes they get in and it is stressful at times and, you know,  
13 different people handle that stress with different degrees of  
14 effectiveness.

15  
16 **LEG. FLEMING:**

17 Do you know if the training included any discussion of the call  
18 volume and the nature of the calls during the height of the -- the  
19 public health crisis, because I heard specifically that Dispatch  
20 was hit really hard because one after the other was a crisis call,  
21 very serious, and losing people in the field, which they were also  
22 -- I think we -- we can't really focus enough on the impact for  
23 first responders of losing people over and over again, which is  
24 what happened in Brentwood and Central Islip. And, you know, the  
25 really heavy call volume at the height was very difficult mentally.  
26 Was that discussed in the training do you think?

27  
28 **LIEUTENANT CALANDRILLO:**

29 I'd have to check with the Communications Section and get you an  
30 answer on that.

31  
32 **LEG. FLEMING:**

33 I mean, I would think if that's the case there may be a temporary  
34 impact, you know, that we can build -- try to build something  
35 better. It was a horrible time for 911 Dispatchers. But if it's  
36 not, if there's a trend or something that we need to address, you  
37 know, I hope you view us as allies in trying to figure our way  
38 through that. Thank you, Lieutenant.

39  
40 **CHAIRMAN DONNELLY:**

41 Thank you. Legislator Kennedy?

42  
43 **LEG. KENNEDY:**

44 Thank you. And thank you, Lieutenant, for coming out today. Just  
45 two quick questions. When did the SCINS go over to Administration?

46  
47 **LIEUTENANT CALANDRILLO:**

48 I don't have an exact date on that. It was earlier in the year  
49 some time -- what I understood, this was explained to me, we got  
50 the SCINS back right around the time COVID was starting.

51  
52 **LEG. KENNEDY:**

53 So they're signed already.

54  
55 **LIEUTENANT CALANDRILLO:**

56 They are signed.

1 **LEG. KENNEDY:**  
2 Oh, all right.

3  
4 **LIEUTENANT CALANDRILLO:**  
5 Yup. We have signed SCINS. We have six PSD SCINS that are signed,  
6 we have two ECO SCINS that are signed, we have two PSD pending and  
7 one ECO pending. We anticipate getting permission to switch those  
8 -- earmark those ECO positions and change them over to PSD  
9 positions.

10  
11 **LEG. KENNEDY:**  
12 And how long will that take?

13  
14 **LIEUTENANT CALANDRILLO:**  
15 That shouldn't take long to get approval to do that because that's  
16 been the plan all along.

17  
18 **LEG. KENNEDY:**  
19 Okay. And my other question, when you brought up how during COVID  
20 it was difficult to get medical exams done, what about  
21 telemedicine? We use that in the jail. We use that all over.

22  
23 **LIEUTENANT CALANDRILLO:**  
24 Can you repeat --

25  
26 **LEG. KENNEDY:**  
27 The camera, telemedicine.

28  
29 **LIEUTENANT CALANDRILLO:**  
30 Telemedicine?

31  
32 **LEG. KENNEDY:**  
33 Yeah. Could they have used something or you know?

34  
35 **LIEUTENANT CALANDRILLO:**  
36 I mean, it's something we can probably look into. We've never done  
37 it that way. I don't know that we're going to, you know, if we're  
38 hiring an employee and we've always done it a certain way, I don't  
39 know if Civil Service -- I don't know if it violates Civil Service  
40 law in any way. It's something we can look into.

41  
42 **LEG. KENNEDY:**  
43 Yeah, I don't think it would. But thank you.

44  
45 **CHAIRMAN DONNELLY:**  
46 Anybody else? No? Lieutenant, I just want to thank you for coming  
47 this morning to address these issues and thank you for your  
48 professionalism, thank Commissioner Hart as well as the Presiding  
49 Officer and his staff so that we're able to address the 911 Call  
50 Center in I think in a very collaborative way. So thank you for  
51 coming this morning.

52  
53 **LIEUTENANT CALANDRILLO:**  
54 Thank you, Legislator.

1 **CHAIRMAN DONNELLY:**

24  
25 **CHAIRMAN DONNELLY:**

26 Seconded by Legislator Gonzalez. On the motion, Legislator  
27 Fleming.

28  
29 **LEG. FLEMING:**

30 I don't know who would speak to all of these different departments,  
31 but can we just get an understanding? I think it's challenging to  
32 understand the CARES funding and where it's coming through  
33 government. So I wonder is there someone maybe from the County  
34 Executive's Office who could explain how this money is being  
35 awarded? Oh, good morning.

36  
37 **DIRECTOR NEUBAUER:**

38 Thank you. What I can tell you is this. Our Chief Planner became  
39 aware, along with representatives from the other three law  
40 enforcement agencies, that Federal funding was available during the  
41 COVID-19 crisis, and consequently representatives from all four law  
42 enforcement agencies came together and determined that  
43 cooperatively they would submit a grant application. And we did,  
44 in fact, receive a grant award totaling \$418,723 for a grant period  
45 of two years. And each of the four departments submitted its own  
46 budget and its own narrative in support of their request for grant  
47 funding.

48  
49 I can tell you that the Probation Department with the money that we  
50 received, which is \$80,935, will be purchasing 25 laptops equipped  
51 with cameras so that we can utilize those to have remote  
52 communication with persons on probation. We're doing this in an  
53 effort to reduce the number of people that are coming into our  
54 office for the conduct of routine probation business. And we're  
55 also going to be using that money to purchase a subscription to  
56 TeamViewer software, which is giving our IT staff the opportunity

1 to remote in to all of our mobile devices so that they, too, will  
2 be able to work remotely and Probation staff will not have to bring  
3 their mobile and electronic devices to a Probation Office for  
4 troubleshooting and repair. And we're also using a portion of that  
5 money to purchase instruction materials for an evidence-based  
6 program that we intend to use with folks that are on probation.  
7 These are materials, curricula that have been shown to reduce  
8 recidivism. So these are things that we might not have been able  
9 to purchase were it not for the fact that we received this grant  
10 funding.

11  
12 **LEG. FLEMING:**

13 That's fantastic, and thank you so much. I'm glad I asked the  
14 question because it's good for people to know what good work you're  
15 doing. So is this part of the CARES Act? Did the Department of  
16 Justice reach out to the law enforcement departments and invite a  
17 submission for the grant application?

18  
19 **DIRECTOR NEUBAUER:**

20 I don't know that they necessarily reached out, but the opportunity  
21 to submit an application would have been posted on a public  
22 website. And as I said, it was our Chief Planner who took the lead  
23 in all of this, so I perhaps don't have the degree of detail that  
24 you're looking for here. We only knew that this was an opportunity  
25 to apply for a grant that we thought we were eligible for and our  
26 law enforcement partners felt similarly, which is why we all came  
27 together in this cooperative effort.

28  
29 **LEG. FLEMING:**

30 That's fantastic and kudos to you. Can I trouble you to ask the  
31 Chief Planner to forward to me the application just so that I have  
32 the details on the funding source?

33  
34 **DIRECTOR NEUBAUER:**

35 Of course.

36  
37 **LEG. FLEMING:**

38 Because we're trying to follow, you know, funding government is  
39 such a challenge right now and these little pieces of money are  
40 coming into housing, transportation, law enforcement. And then we  
41 have the discussion of the CARES Act, \$257 million. Do you know if  
42 this is part of the 257 million?

43  
44 **DIRECTOR NEUBAUER:**

45 I know that this money is coming from the U.S. Department of  
46 Justice, that much I do know.

47  
48 **LEG. FLEMING:**

49 I appreciate that. Can I ask you something while you're at the  
50 podium, Commissioner. I don't know if it's in your bailiwick, but  
51 in light of this what I consider terrible Bail Reform, there are --  
52 I think there are offenders or accused defendants who are being  
53 released on supervised release. Is that in Probation or parole or  
54 where?

1 **DIRECTOR NEUBAUER:**

2 That's a Probation Department function.

3  
4 **LEG. FLEMING:**

5 It is you. So, for instance, terrible tragedy happened in  
6 Greenport Village the other morning, seven o'clock in the morning.  
7 An elderly woman, wonderful elderly woman, friend of my Chief of  
8 Staff, was hit by a hit and run driver and killed. And the  
9 defendant was apprehended. He fled the scene, he was apprehended,  
10 he's not documented. He appeared in Justice Court and was released  
11 because the top charge was leaving the scene with a fatality. I  
12 think the DA is trying to pursue vehicular manslaughter, which  
13 would allow the judge to set bail. But his top charge did not  
14 allow the judge the discretion of setting bail, even though the  
15 crime itself was fleeing the scene when someone was -- actually had  
16 been killed.

17  
18 So my question to you is what is supervised release in that  
19 instance? You know, I just -- these are probably things that are  
20 happening, this is a very high profile unfortunate circumstance.  
21 But I can imagine with this new law judges have been deprived of  
22 the discretion to make smart decisions about ensuring the return of  
23 defendants to court. How do you approach that? Is that something  
24 that Probation -- is there -- I know there was a discussion of a  
25 GPS device. Is that something that's available to you now? Like  
26 we used to say a LoJack. What is happening in these cases?

27  
28 **DIRECTOR NEUBAUER:**

29 Well, I think it's important to understand that the Probation  
30 Department does not determine a defendant's eligibility for  
31 supervised release. That decision rests solely with the court, and  
32 if the court does determine that supervised release should be  
33 imposed upon the defendant, the court will also determine the  
34 conditions of that supervised release. GPS is a condition of  
35 supervised release or I should say it is available to the court as  
36 a condition of supervised release. It's also available to the  
37 court as a standalone condition. In other words, a defendant at  
38 the point of arraignment could be placed on super -- could be  
39 placed on GPS monitoring without also concurrently being placed on  
40 supervised release. So we are required to follow the order that  
41 the court imposes at the point of arraignment.

42  
43 **LEG. FLEMING:**

44 So GPS monitoring is not the same as supervised release.

45  
46 **DIRECTOR NEUBAUER:**

47 No.

48  
49 **LEG. FLEMING:**

50 Supervised release is like probation where you have to show up to  
51 your Probation Officer?

52  
53 **DIRECTOR NEUBAUER:**

54 Again, that really depends upon the conditions that the court  
55 imposes at the point of arraignment. The court could require that  
56 that person report in person to a Probation Officer on a schedule

1 determined by the court. It could be once a week, it could be  
2 twice a week. Again, that's at the Court's discretion. If the  
3 Court chooses to impose GPS then the Probation Department will  
4 install that device and will monitor that person's activities while  
5 on GPS.

6  
7 **LEG. FLEMING:**

8 Where is it installed?

9  
10 **DIRECTOR NEUBAUER:**

11 Pardon?

12  
13 **LEG. FLEMING:**

14 Where is it --

15  
16 **DIRECTOR NEUBAUER:**

17 Oh, on the person, on the ankle of the person.

18  
19 **LEG. FLEMING:**

20 Okay, just like a LoJack.

21  
22 **DIRECTOR NEUBAUER:**

23 And we will monitor their activities. If the court orders GPS, the  
24 court can further place additional restrictions on the defendant in  
25 terms of where they can go. They may limit the defender's travel  
26 within the jurisdiction of the court, they may allow travel into  
27 Nassau County, they may allow travel into the five boroughs.  
28 Again, that's a court decision and our job is to monitor whatever  
29 conditions the court places upon the defendant.

30  
31 **LEG. FLEMING:**

32 So that's considerable additional time for your officers.

33  
34 **DIRECTOR NEUBAUER:**

35 Yes, that is correct.

36  
37 **LEG. FLEMING:**

38 So you must be seeing a lot more work since this Bail Reform.

39  
40 **DIRECTOR NEUBAUER:**

41 Yes, certainly our GPS and Supervised Release Units are seeing a  
42 lot more work since January the 1st.

43  
44 **LEG. FLEMING:**

45 Well, I hope so, because I would very much like to see this  
46 gentleman return to court and be brought to justice. But the -- is  
47 this GPS monitoring new since Bail Reform?

48  
49 **DIRECTOR NEUBAUER:**

50 Oh, heavens no. We've had GPS available to us for years. I think  
51 we began an Electronic Monitoring Unit perhaps 20 years ago.

52  
53 **LEG. FLEMING:**

54 So -- and so the judges have always, if they release somebody ROR,  
55 they could always put the ankle tracker on them.

1 **DIRECTOR NEUBAUER:**

2 Not if you were releasing somebody in their own recognizance, and  
3 now we would be talking about not just during Bail Reform, but  
4 prior to Bail Reform. ROR is just that, you release someone in  
5 their own recognizance with no additional restrictions generally  
6 speaking.

7  
8 **LEG. FLEMING:**

9 Okay. I don't want to belabor it, but I guess that was my  
10 question, is it supervised release that's a new -- you know, a  
11 vehicle that's being used more frequently and is that what  
12 triggers, but you're saying no, that you can do GPS monitoring  
13 without supervised release.

14  
15 **DIRECTOR NEUBAUER:**

16 That's correct, and we have had a supervised release program even  
17 prior to January the 1st of 2020. It's just that it's being  
18 utilized to a greater extent now under Bail Reform than it had been  
19 in the past.

20  
21 **LEG. FLEMING:**

22 And will you let us know if you find that you don't have the  
23 support you need to ensure that this new kind of burden on the  
24 Probation Department is, you know, efficient and effective, because  
25 it's obviously shoring up a very, very critical gap in law  
26 enforcement at this point, I think, now that the judges have been  
27 deprived of the discretion to set bail in certain circumstances.

28  
29 **DIRECTOR NEUBAUER:**

30 Yes.

31  
32 **LEG. FLEMING:**

33 Thank you. Sorry. Thank you for that.

34  
35 **CHAIRMAN DONNELLY:**

36 No, that was actually very terrific, Legislator Fleming. I really  
37 want to compliment you on highlighting the criminal justice reform  
38 issues that we have in front of us. And, Commissioner Neubauer, to  
39 you and to all your personnel who have been working and operating  
40 in these very trying times, you know, you have our admiration and  
41 respect for all the work that you're doing. So thank you for  
42 stepping forward and giving a very clear understanding of  
43 Resolution 1539.

44  
45 **DIRECTOR NEUBAUER:**

46 Thank you, Legislator Donnelly, and thank you to the committee for  
47 your continued support of our work.

48  
49 **CHAIRMAN DONNELLY:**

50 So we have a motion and a second. Madam Clerk, do we have a motion  
51 and a second?

52  
53 **MR. DUBOIS:**

54 We do.

1 **CHAIRMAN DONNELLY:**

2 And I believe we can place that on the Consent Calendar as well.  
3 All in favor? Opposed? Abstentions?

4  
5 **MR. DUBOIS:**

6 Nine.

7  
8 **CHAIRMAN DONNELLY:**

9 So carried. (*Vote: 9/0/0/1 Not Present: Legislator Sunderman*)

10  
11 Resolution Number *1552(-2020) - Adopting Local Law No. -2020, A*  
12 *Local Law to amend the County Human Rights Law to include false*  
13 *reporting of a crime based on bias (Richberg).*

14  
15 **LEG. GONZALEZ:**

16 Motion.

17  
18 **CHAIRMAN DONNELLY:**

19 Motion to approve by Legislator Gonzalez.

20  
21 **MS. SIMPSON:**

22 It needs to be tabled for a public hearing.

23  
24 **CHAIRMAN DONNELLY:**

25 Thank you, Counsel. So I'm going to make a motion to table for a  
26 public hearing by Legislator Gonzalez. Seconded by Legislator  
27 Hahn. All in favor? Opposed? Abstentions?

28  
29 **MR. DUBOIS:**

30 Nine.

31  
32 **CHAIRMAN DONNELLY:**

33 Motion is carried. (*Vote: 9/0/0/1 Not Present: Legislator*  
34 *Sunderman*)

35  
36 Resolution Number *1555(-2020) - Directing the issuance of a request*  
37 *for expressions of interest for the implementation of body-worn*  
38 *cameras for officers of the Suffolk County Police Department*  
39 *(Richberg).*

40  
41 **D.P.O. HAHN:**

42 Motion to table at the request of the sponsor.

43  
44 **CHAIRMAN DONNELLY:**

45 Motion to table at the request of the sponsor and a motion to  
46 approve, Legislator Gonzalez, or a second to table?

47  
48 **D.P.O. HAHN:**

49 Seconded the table.

50  
51 **CHAIRMAN DONNELLY:**

52 Second to table. Thank you, Legislator Hahn. So we have a motion  
53 to table at the request of the sponsor made by Legislator Hahn,  
54 seconded by Legislator Gonzalez. All in favor? Opposed?  
55 Abstentions?

1 **MR. DUBOIS:**

2 Nine.

3  
4 **CHAIRMAN DONNELLY:**

5 Motion is carried. (*Vote: 9/0/0/1 Not Present: Legislator*  
6 *Sunderman*)

7  
8 That is all we have in terms of Introductory Resolutions. We don't  
9 have any Procedural Motions, nothing Subject to Call. Do we have  
10 anything else, to the members of this committee, to discuss here  
11 this morning? No? Okay, I'll take a motion by Legislator  
12 Gonzalez, seconded by Legislator Fleming, to adjourn. We are  
13 adjourned. Thank you all for coming.
