

# Stephanie Bontempi Suffolk County Legislator 18<sup>th</sup> Legislative District

District Newsletter

March 2022 Issue

## COVID-19 TEST KITS ARE STILL AVAILABLE

We have been working diligently to distribute the test kits as evenly as possible throughout the district. Fortunately, other governmental and non-governmental organizations are assisting in this effort.

If you are in need of a test kit, we still have a small supply at the district office in Huntington. Please call 631-854-4500 in advance of stopping by to ensure availability.

## WANT TO BE BETTER PREPARED FOR EMERGENCIES? WANT TO BE A VOLUNTEER?

Last month, Ken Kutner of the Suffolk County Office of Emergency Management presented an Emergency Preparedness Program at the Northport Public Library. Mr. Kutner shared a wealth of knowledge, much of which is accessible at: <https://suffolkcountyny.gov/Departments/FRES>. For example, on this webpage, you can learn about various free emergency-related resources that can keep you and your family prepared and in the know. If you ever dreamed of becoming an emergency volunteer, information regarding opportunities is also available on the webpage.
